## 'Everyone's Sheriff' Kirk Imperati takes oath

By Curtis Schmidt

Even though he has worked with the Dutchess County Sheriff's Office for 30 years, Kirk Imperati says he "never dreamed of becoming Sheriff."

Imperati was elected Sheriff in November and took the Oath of Office in ceremonies on New Year's Day at the Villa Borghese banquet hall in Wappingers Falls. After working as Under-Sheriff for 14 years, he served the last 15 months as Acting Sheriff after the passing of Sheriff Adrian "Butch" Anderson.

"It was an honor to be Sheriff Anderson's Under-Sheriff and be responsible for the day-to-day operations of the Sheriff's Office," said Imperati. "I am truly honored and humbled that the residents of Dutchess County have elected me as their Sheriff."

All of that being said, the role of Sheriff was never in the plans for the 53-year-old native of Poughkeepsie. "I was planning to retire at the age of 55 and pursue something in the private sector," said Imperati. "God had other plans for me and here I am as 'Everyone's Sheriff.'"

He added that he is "planning on remaining Sheriff as long as the men and women I work with and the residents of Dutchess County elect me as their Sheriff. I hope it is for many years."

He is in charge of the office that includes six divisions. His successor as Under-Sheriff will be Chief Deputy Jason Mark.

"Jason is a 31-year veteran with the Dutchess County Sheriff's Office. He was a road patrol deputy, detective, detective sergeant then Chief Deputy," said

Imperati. "He has the drive and desire to run the day-to-day operations of our office and the desire to always become better tomorrow than what we are today."

Sheriff Imperati said the Patrol Division handles over 60,000 calls for service each year. Twelve School Resource Officers are assigned to eight different school districts in the county. The office has a Detective Division to

conduct and follow through on investigations and the K-9 Division works with both Road Patrol and Corrections. The Community Outreach Program also works with both Road Patrol and Corrections. The Explorer Program is designed to encourage youth to pursue a career in law enforcement.

## Thousands of violations given for passing stopped school buses

By Kristine Coulter

A reminder as 2023 begins, schools are back in session after their winter breaks. School buses are back on the road. When a school bus is stopped with its red lights on and stop sign out, do not pass it... even if one is driving on Route 9 on the opposite side.

As part of her jobs, Village of Wappingers Falls program coordinator and assistant to the Village judges, Lori Jiava watches videos of vehicles passing school buses. Jiava remarked, "The Village of Wappingers Falls has the smallest area in mileage. But Route 9 holds 21.5 percent of tickets for passing buses in Dutchess County." The Town of Poughkeepsie has the most roadways with 22 percent and the Town of Wappinger and Town of LaGrange have 17.5 percent and 17 percent respectively.

"As of October 1, 2022, more than 1,200 tickets have been issued since March," noted Jiava.

Countywide, according to the County Executive's Office, as of November 30, 2022, there have been 7,498 violations.

"The safety cameras have been very helpful in identifying vehicles that illegally pass school busses when they are loading or unloading. Since the inception of the program in January of 2022, over 3,195 vehicles have been cited for violating this law within the Wappingers Central School District (WCSD)," said Dr. Dwight Bonk, WCSD Superintendent of Schools.

If one receives a ticket in the village of Wappingers Falls, and decides to go to court, rather than paying the fine, Jiava reviews the evidence with the owners of the vehicles. The evidence includes videos of the vehicles passing the stopped school buses.

"In this case, there is no negotiating. The fine is the fine," said Jiava. Jiava said the registered owner is charged. The first offense is \$250. The second offense is \$275. The third offense, well, Jiava said, "I haven't seen a third offense yet, but I have seen many repeat offenders."

Dutchess County adopted the program, said Jiava, and 10 percent of the fine goes to the municipality, 40 percent goes to the County, and the rest goes to the program to keep it continuing.

"When I review evidence with the registered owners of the vehicles, we give them an opportunity to see it together," stated Jiava. "We always say they are entitled to a trial or hearing but what they just saw is what they judge will see. The law still states one has to stop for a school bus even on a divided highway."

Most people, according to Jiava, state they did not know they needed to stop on a divided highway.

"Sometimes (on the videos) we look for the arms on the bus and then see if someone was not speeding how long it takes them to stop," she explained.

## Local leaders discuss goals for municipalities in 2023

By Kristine Coulter

Looking forward in 2023, municipality leaders have a variety of items planned.

### City of Beacon 'moving forward' with two capital projects

As for 2023 in the City of Beacon, Mayor Lee Kyriacou said there will be "continued discussions about requiring new construction to reduce environmental/ climate change impacts from energy use."

Kyriacou noted there will be a "presentation of the results of the Community Facility and Program Report, which provides the City feedback from nearly 1,000 survey respondents as to desired recreational and community service facilities and program (including evaluation of a possible expanded or new community center)."

The mayor remarked about the approval of proposed solar PV installation on the City's Highway Garage, which will help the City get closer to its policy goal of using 100 percent locally-generated renewable electricity for municipal buildings.

There is also the "development of preliminary planning for the Beacon-Hopewell Rail Trail, which Dutchess County will fund and lead with the participation and support of Beacon, Fishkill (Town and Village), and Town of East Fishkill," said Kyriacou.

Kyriacou said, "The City is finally moving forward on two major capital projects which have been many years in the making. The City will be going to construction on the Fishkill Avenue/ Teller Avenue rehabilitation, which started more than 20 years ago. In 2022, we wrapped up the engineering design and right-of-way acquisition to move this project to construction. The Tompkins Hose Fire Station will be fully rehabilitated and expanded to allow for the completion of the consolidation of the City's previous three fire station footprint to one

consolidated station."

### Town of East Fishkill hiring police officers

"We're very cognizant of public safety," said East Fishkill Supervisor Nicholas D'Alessandro. "We are increasing our police department. We hired two police officers [in December 2022] and

we'll hire one more. All are coming in 2023." D'Alessandro continued, "The public is very happy with our police department. They get a lot of support."

As far as challenges in 2023, "Inflation as a whole," said the supervisor. "If the economy slows down, the slowdown will affect our sales tax and mortgage tax revenues."

D'Alessandro said, "The Town of East Fishkill has been very successful because of the Town Board working together and because of the staff."

### Park improvement planned in Village of Fishkill

Kathy Martin is the mayor of the Village of Fishkill.

"In 2023, I look forward to the completion of the Village's Wastewater Treatment Facility," said Martin.

Sarah Taylor Park will also be on Martin's to-do list for the new year.

"One special project that I planned for 2023 is the improvement and rededication of Sarah Taylor Park. Sarah Taylor was the first female mayor of the Village of Fishkill, and she was a remarkable woman," said Martin.

### Veterans, history on Town of Fishkill agenda

The planned adoption of the Town of Fishkill Comprehensive Plan is what Fishkill Town Supervisor Ozzy Albra will

have on the agenda for 2023.

It was stated that Albra intends to pursue significant promotion of veterans and Fishkill's military history.

"For starters, the Town intends to lobby the State to name Route 9 in the Town of Fishkill as the Elijah Briggs Memorial Highway, in honor of Elijah Briggs, who won the Medal of Honor during the Civil War and is buried in the Fishkill Rural Cemetery," said Albra via email. "Likewise, the Town intends to lobby for Route 82 to be named for Derick Brinckerhoff, who was killed in combat in the Korean War; Route 9D for Sydney Scofield, who was killed in the Spanish-American War; and Route 52 for Sachem Daniel Nimham."

The Town also intends to have its veterans committee operational in 2023 to further advocate for veterans, it was stated.

"The Town will continue its investment in Town park spaces, including the installation of a sensory park at Doug Phillips Park. Additionally, the Town recently removed an abandoned water storage tank on the Route 9D corridor, and the Town will explore making that property into a Town park," said Albra.

The Supervisor noted that the town of Fishkill "is shifting from a municipality which was pro-high-density development, to one which promotes its history for historical tourism and economic development." He said, "The Town of Fishkill anticipates groundbreaking for a

Village of Fishkill Mayor Kathy Martin

new warehouse at the old Dutchess Mall site, which is expected to bring significant revenue and employment opportunities to the Town. In addition, Creodent, located on Route 52 near the Town line, should be fully operational in 2023. This site will create around 100 new jobs. Further, there will be a new self-storage facility in the Westage campus, and on the Route 9D corridor a site which needs remedial action will see new mixed-use commercial development south of Dutchess Stadium."

Albra continued, "While the Town is

shifting from high-density housing to commercial and historical, we certainly recognize the need for housing. Across the Town, we see the potential for as many as 200 new residential units in the next year or two, based on existing zoning laws."

### Town of Wappinger leaders look to expand services

Town of Wappinger Supervisor Richard Thurston said the Town's core focus will be on: sustainable economic development; highway congestion mitigation along the Route 9 and 9D corridors; continued expansion of the Town's municipal sewer and water services for its residences and businesses, including a new water-source protection legislation; additional improvements to the Town's parks and recreation facilities, including Spook Hill Park, Robinson Ball Fields, Rockingham soccer fields, and Carnwath Farms; expanded services for seniors and veterans in the Town; and "last but by no means least, we will start implementation of the 9 Element improvement plans for the Wappinger Creek and Sprout Creek areas."

Thurston noted, "During 2023 we will intensify our focus on preserving our environment (such as water sources, farmland protection) while attempting to achieve sustainable economic development, increasing services for our seniors, veterans and disadvantaged residents is a top priority" of his and the Wappinger Town Board.

## Notes from the Town of Wappinger Supervisor Looking back at 2022 and ahead to 2023

First and most important, my wife, Yvonne, and I hope that each of you, your families and friends have been having a wonderful holiday season, and that you will have a most blessed, healthy and prosperous New Year.

Second, looking back on 2022 and all of the positive things that we have done together for Our Town, there are several accomplishments, out of many, that I bring to your attention:

- Intensified code enforcement of long-standing issues, which initiative focuses on writing more tickets, reining in developers, and court enforcement.
- Completion of the Old Hopewell Road Reconstruction and the completion of the New Hackensack Roundabout construction, both with minimal disruption. A special shout-out to NYSDOT and Dutchess County DPW. Most particularly, Commissioner Balkind was extremely helpful and responsive on Old Hopewell Road. I am working with the Commissioner on several other projects that will benefit Our Community.
- Enhancing and expanding our Recreation Department programs which also benefited from significant improvements to our parks and recreation facilities.

Third, Our Town's financial condition is the best that it has been since the global financial meltdown in 2007-2008. While I

take great pride in providing leadership in achieving this result, it could never happen by one individual alone. Rather, it is the direct result of our Town residents and businesses and other organizations, Our Staff; and especially our Town Board's tremendous efforts in working together as a team. Constructive engagement has been a cornerstone of our Town Government.

The Town's finances are extremely solid, benefiting from our conservative fiscal management. Our fund balances are the strongest they have been in a long time. We passed a 2023 Budget that stays below the Tax Levy Cap while continuing to keep the tax impact to our constituents amongst the lowest rates anywhere in Southern Dutchess Communities. Our debt ratings remain strong.

Fourth, a snapshot of Our 2023 plans. In this, the first of several columns on 2023, a core focus will be placed on:

- (i) Intensified and strengthened code enforcement including amendment of our code-established penalties. We have been remediating many code non-compliant situations throughout the Town since we started a few years ago with review and analysis. We have discovered several prevalent conditions including: lack of code clarity; absence of adequate process and procedures; a void in appropriate authority and a weakness in fines

and penalties. As concerns the latter point, briefly, the penalties are too light – creating a situation where violators would rather pay the penalty than fix the issue. I will discuss these issues in more detail in a future column. Also, Our Town Board will hold a workshop on Code Changes in February.

- (ii). Remediating many drainage issues created by: poor drainage systems taking water to the creeks and Rivers before 2000; deteriorating infrastructure such as culverts; and changing climate factors. When most of our developments were constructed decades ago, the drainage systems were inadequate under today's standards. Furthermore, what then existed has disappeared or is the victim of deteriorating infrastructure. Now that we are finalizing a major study in this area, we will be able to create an implementation plan. more discussion will be found in future columns.

- (iii) Intensifying our focus on preserving our environment (such as new water-source protection legislation, farmland protection, etc.). Also, we will start implementation of the 9 Element improvement plans for the Wappinger Creek and Sprout Creek areas. I hope that we will be able to protect even more farmland than just Obercreek Farm.

Other items to be discussed in the future include: continued expansion of our municipal sewer/water services; additional

Supervisor Richard Thurston

improvements to our parks/recreation facilities including Spook Hill Park, Robinson Ball Fields, Rockingham Soccer fields, and Carnwath Farms; expanded services for our seniors, veterans, and disadvantaged residents; and highway congestion mitigation along the Route 9 and 9D corridors, etc.

I assure you that I will continue to dedicate and bring my many years of experience to the benefit of Our Community. I have no other political goals whatsoever. This is not a one-person effort and especially not one by any 'emperor without clothes,' but rather a team effort of Our entire community.

Until Soon, Stay Safe and Remain Well.

# Dutchess County crews deploy to assist in storm-ravaged Buffalo

Last week, Dutchess County Public Works (DPW) highway crew members headed to Buffalo to help the region dig out from an historic series of storms that have buried Erie County. According to news reports, at least 28 people have died.

Blizzard conditions have dumped several feet of snow on the region, with snow and wind conditions causing power outages and impassable roadways. Emergency response, utilities and public works crews have been dealing with impossible conditions and weather conditions continue to make recovery challenging as a new storm hits the region.

The New York State Office of Emergency Management has been coordinating mutual aid deployments from various counties and municipalities across the state to assist with snow removal operations in the City of Buffalo, where many locations have been inaccessible and without power since the early stages of the storm. Loaders and dump trucks with operators have been requested to assist local and Erie County crews to cut paths through unplowed streets to open access for utility restoration crews and emergency service providers.

DPW responded with eight crew members and multiple equipment including front end loader and dump trucks. The DPW team traveling to Buffalo included Matt Shaw, Rich Whispell, Paul Falso,

Chris Eastwood, Chris Orlik, Jesse Cortes and Shawn Graybill. They departed Poughkeepsie on Dec. 27 and were scheduled to begin work on Dec. 28, gathering with other crews from around the state at SUNY's Buffalo State College. The team was there through the end of the week and was scheduled to travel back to Dutchess County on Saturday, Dec. 31.

Medical Examiner/coroner staff have also been overwhelmed in the City of Buffalo and Erie County, resulting in requests for assistance with morgue and medical examiner services. Dutchess County Medical Examiners' Office is currently coordinating assistance response.

Following the deployment of Dutchess County Public Works (DPW) highway crew last week, four Dutchess County Public Safety Dispatchers (PSDs) headed to Buffalo on December 29 to provide relief coverage in the Erie County 911 Communication Center.

The request for coverage came from the Erie County Department of Homeland Security and Emergency Services. Dutchess County PSDs will cover live calls in the Erie County 911 center in the Town of Cheektowaga from Friday until Monday to allow Erie County staff some time to rest and decompress. Public Safety Dispatchers, known as the “thin gold line,” are an integral part of the emergency response

# Hudson Valley Cyber Security Summit returns to Marist on Jan. 11

With cyber-security attacks continuing to impact communities across the nation and breaches costing upwards of \$9.4 million to recover from, according to a 2022 IBM report on the cost of data breaches in the U.S., the Dutchess County Office of Central and Information Services (OCIS) will host its second Hudson Valley Cyber Security Summit on Wednesday, Jan. 11, at Marist College in Poughkeepsie. The event, which is sponsored by Marist College, will help municipal leaders, school districts and higher education administration, fire and police agencies, and IT professionals be better prepared against cyber threats.

OCIS Commissioner Glenn Marchi, PhD., said, "As technology continues to make things easier, faster, and more convenient, it becomes imperative to be prepared for and protect against possible cyber threats. I encourage everyone involved in their organization's information and technology services to attend our Cyber Security Summit to learn more about modern approaches to cybersecurity as well as the latest tools and resources available. Staying ahead of current cyber threats can make a significant difference when protecting sensitive data and maintaining constituents' trust."

At the summit, industry experts includ-

ing representatives from Dutchess County, New York State, and Federal Government agencies will discuss topics such as:

- The current cyber threat landscape;
- Cybersecurity survival tactics for municipalities;
- Modernizing a cyber-security approach;
- Cyber-security issues to prioritize;
- The latest tools and resources available to improve cyber readiness.

The event will be held from 9 a.m. to noon in the Marist College Student Center and is free to attend. Registration and a complimentary networking break-

fast will be at 8:30 a.m. Registration is required in advance and is available at [DutchessNY.gov/CyberSummit](http://DutchessNY.gov/CyberSummit). For more information, contact the Dutchess County Office of Central & Information Services at 845-486-2450 or visit [DutchessNY.gov](http://DutchessNY.gov).

divisions work tirelessly each and every day to ensure our schools and our streets are safe. We ensure that Dutchess County is a safe place to live, do business and raise a family,” said Imperati.

Dutchess County's new Sheriff lists the main challenges of his office as the opioid crisis, mental health related issues, homelessness, bail reform and the increase in gun violence.

Imperati said his overall goal is to follow the exact words of his campaign slogan.

"I am 'Everyone's Sheriff.' No matter who you are, what you do, where you come from - you can ask me for help. I help EVERYONE," said Imperati. "As residents, never feel you are 'bothering' law enforcement when you call. Please call when you see something that does not appear right to you. When you see something, say something. We are here for

everyone 24/7/365. We will protect and serve every resident of this county and anyone who visits our county or is just passing through.”

## American Red Cross supports the community

To the Editor:

In 2022, the American Red Cross responded to crises of all kinds, from a blood shortage at the beginning of the year to Hurricane Ian and thousands of smaller disasters. We have been, and will continue to be, there for people facing their darkest hours thanks to your efforts.

It's hard to underestimate the power of hope that the Red Cross brings to our community.

Hope can be seen in the eyes of a father of three young boys fighting cancer who received lifesaving transfusions and gets to celebrate another Christmas with his family. Every two minutes someone needs blood, and we have collected more than 100,000 units of blood at drives throughout our region with the potential to save up to 300,000 lives.

Hope can be felt in the way we carry our founder Clara Barton's vision from more than 100 years ago forward to support our brave men and women in the military, their families, and our veterans. With Operation Holiday Cheer, we sent more than 500 comfort kits to our deployed military overseas serving in Poland. Our Service to the Armed Forces volunteers worked with more than 2,400 military families in 2022.

Hope and healing are brought to those who have lost everything in the nearly 700 disasters we responded to in our region throughout the year. we provided clients with shelter, warm meals, and comfort knowing they are not alone.

We brought hope to our neighbors in the south and west, sending more than 80 members of our team to help people put together their lives after massive devastation from historic storms and wildfires. For many, the Red Cross offered a safe haven and a beacon of light when it was needed most.

## Please help Alzheimer's caregivers

To the Editor:

Alzheimer's disease is devastating — not only for the more than six million Americans living with the disease, but also for the 11 million family and friends serving as caregivers. The care-giving needs for someone living with Alzheimer's are extensive and increase over time — on average four to eight years following a diagnosis. Many family caregivers juggle competing priorities including work and other family responsibilities. New York State caregivers are often stretched thin. Many are overwhelmed. Most could use help.

I have worked for the Alzheimer's Association for almost 23 years and volunteered for the Association for five years before that. I have seen firsthand the devastating effects of not only Alzheimer's disease but several other forms of dementia as well. Care partners and caregivers are the saving grace for the person they care for, but lose themselves in the supporting role they play.

Take time to support a caregiver you know. Run errands, help with a household chore, give caregivers a break by spending time with the person with dementia, and educate yourself about the disease — the more you know, the easier it will be to help. Reach out to the Alzheimer's Association Chapter to learn more and get involved. These small gestures can make a big difference and offer well-deserved support to those who give so much.

## Christopher Clay

Christopher Clay, 58, of Brooklyn, beloved son, father and friend, unexpectedly passed away on Sunday December 25, 2022 at his home in Brooklyn, N.Y. Christopher was born on September 15,1964 in Mount Kisco, N.Y. to Edward and Katherine Clay. Christopher graduated from Pratt Institute with a Bachelor of Architecture degree in 1989, making the Dean's List every semester of the 5-year program and receiving the Matthew Del Guido award for design excellence. Whatever Christopher did in life was done with passion: His love for making music that began with playing Jazz and Rock on the electronic bass in garage bands grew to a love for playing blues on his ukulele at home. Drawing was his greatest passion and part of both his private as well as his professional life.

That can be seen in the complicated and intricate illustration art he made with Al Lorenz, to his wall-to-wall doodlings in the apartments of family and friends. Christopher was an avid New York Mets fan. And like the 69 Mets, there was never a no-hitter in his professional life. It is here his passion for his work as an architect takes on monumental form. His work in historic restoration was acknowledged by the receipt of two Lucy Moses awards for excellence in historic preservation. His attention to detail combined with his unique understanding of structures come together and can be clearly seen in the intricate design work for the Ronan House that was built on the beachfront at the Jersey Shore and in the conservation and restoration work that he did on an iconic civil landmark, the Washington Square Arch, that continues to inspire and define the artistic and cultural heritage in New York City. Most recently, Christopher had delved into managing a project for the NYC School Construction Authority, loving his role and bringing his integrity to it every day. Christopher is survived by his parents Edward and Katherine Clay, siblings Edward F. Clay, Doreen Clay, Arthur Clay, Jill Bouhlev, and Andrew Clay, his former partner Tara D'Andrea and their two sons Alexander and Christian Clay. His Family will gather with Friends on Saturday, January 7, 2023 from 10:00am to 1:00pm at the LIBBY FUNERAL HOME, 55 Teller Avenue, Beacon, where a Celebration of Life will be offered at 1PM then followed by a Dove Release Ceremony at 2PM outside of the Beacon Elks Lodge 900 Wolcott Avenue, Beacon. To offer a message of condolence or share a fond memory, please visit: [www.LibbyFuneralHome.com](http://www.LibbyFuneralHome.com).

## Donna Lee Mastrantuono

BEACON - Donna Lee Mastrantuono, a longtime resident of Beacon and formerly of Ossining, entered into rest on December 23, 2022 at Vassar Brothers Medical Center. She was 76 years old.

Donna was born on March 20, 1946 in Ossining, the daughter of the late Joseph and Elizabeth Zerilla Connors. She met the love of her life, Juan "Tony" Antonio Mastrantuono and they were married on April 24, 1976 in Scarborough. Tony predeceased her in 2013.

Donna was a very strong woman who persevered through several health battles. She had an extremely close relationship with her daughter, and they did everything together. She was a former member of St. Rocco's Ladies Auxiliary.

Donna is survived by her daughter and best friend, Samantha Lee Ann Corsa and her husband, Martin R. Corsa, Jr. of Wappingers Falls. She is also survived by her brother, Joseph Connors, who was a very supportive big brother, and his wife, Mary of Alaska and several nieces and nephews and cousins.

In addition to her parents and beloved husband, Donna was predeceased by her brother, Michael Connors.

Family and friends gathered on Wednesday, December 28 at Riverview Funeral Home by Halvey, 2 Beekman Street, Beacon. A funeral service was held on Thursday, December 29 at the funeral home. Burial will follow at St. Joachim Cemetery, Beacon.

To send a personal condolence please visit [www.riverviewbyhalvey.com](http://www.riverviewbyhalvey.com).

Funeral arrangements are under the care of Patrick J. Halvey of Riverview Funeral Home by Halvey, LLC.

# Thousands of violations given for passing stopped school buses

Continued from page 1

Ninety-five percent of the tickets are given on Route 9 by the Double O restaurant area, said Jiava.

The Bus Patrol program was a trial in February and went live in March, said Jiava.

"It's not about the money; it's about keeping the children safe," said Jiava.

According to the Dutchess County Executive's Office, the following school districts in Dutchess County have an active status with the program:

Arlington Central School District, BOCES, Hyde Park Central School District, Pawling Central School District, Pine Plains Central School District, Red Hook Central School District.

Spackenkill Union Free School District went live January 1 and Beacon City School District is in the process of going live,

according to the County Executive's Office.

In discussions still, according to the County Executive's Office, are Dover Union Free School District, Millbrook Central School District and Webutuck Central School District. Rhinebeck Central School District opted out, according to the County Executive's Office.

"The use of the cameras have certainly led to a much safer environment for our students and drivers. I am surprised by the number of violations that have occurred to this point and remain hopeful that since the inception of the program more individuals are aware of the law and the importance of stopping when busses are loading or unloading students!" said Dr. Bonk.

When a local district opts into the program and the on-board cameras are installed, an initial, month-long warning period goes into effect; motorists who illegally pass a stopped school bus equipped with the cameras will

receive a warning in the mail. When that warning period expires, violators who pass a stopped school bus will receive a citation and fine in the mail, according to the County Executive's Office.

Dutchess BOCES opted into the County's partnership with Bus Patrol since its inception in late 2021, with the Pine Plains Central School District being the first to opt into the program in Dec. 2021.

New York State Vehicle and Traffic law requires drivers to stop from either direction, even on a divided highway, any time a school bus's red lights are flashing. Passing a school bus with red lights is not only dangerous, but it is illegal and punishable with fines ranging from \$250 to \$1,000; a motorist may also be assessed five points on his driver's license, and penalties can include possible imprisonment (up to 30 days for first

offense and 180 days for a third or subsequent conviction), it states.

Before resigning as County Executive and to be sworn in as a member of the U.S. Congress, former Dutchess County Executive Marc Molinaro said about the program, "Every motorist has a role to play in keeping our students safe, and Dutchess County's safety program is effectively educating drivers: It is never permissible to pass a stopped school bus with its red lights flashing and its STOP sign extended. We thank our partner districts for joining us in this life-saving collaboration, and we look forward to having more districts join our efforts. I encourage students, parents and all residents to encourage local districts and municipalities to participate in the important efforts to project our kids and keep our roads safe."

# Japanese new year tradition subject of Arts Mid-Hudson program

The Arts Mid-Hudson Folk Arts Program and the Mid-Hudson Japanese Community Association present Kakizome, a Japanese cultural program celebrating the traditional first calligraphy writing of the New Year, on Saturday, Jan. 7, from 1:30 to 4 p.m. at Arts Mid-Hudson, 696 Dutchess Turnpike (Route 44), Poughkeepsie. The program is free, but registration is required for one of two sessions.

Due to continuing COVID restrictions, each class will contain a maximum of 20 people at a time. If you want to come with other people, please make sure that you register together. There will be two sessions: 1:30 p.m. - 2:30 p.m. or 2:45 p.m. - 3:45 p.m.

Register at <http://weblink.donorperfect.com/2023Kakizome>.

The new year is when we give voice to our hopes and desires for the future in the form of resolutions, wishes, and intentions going forward. The Japanese express this with Kakizome, the ritualized first calligraphy writing of the year. Kakizome or "first writing," takes place within the first few days of the year, traditionally in a poetic calligraphic form expressing their hopes and aspirations for the coming year. The poems were later burned to seal the fate of the hope.

The Kakizome tradition continues, but these days practitioners write auspicious kanji (Chinese characters) rather than poems. Each guest chooses an idea or sentiment to carry with them into the New Year. For example, if you hope for good health in the New Year, you would write a

kanji for positive health; if you desire more patience, you would practice the kanji for tolerance or acceptance. Kakizome is about positive wishes for the New Year. It is a reflective practice based on the belief that practicing one kanji over and over helps the writer focus on the hoped-for theme.

Volunteers from the local Japanese community will be on hand, offering guidance in choosing and writing your chosen kanji. Brushes, paper, and ink will be provided.

The Mid-Hudson Japanese Community Association (MHJCA) is a not-for-profit organization whose mission is to introduce Japanese culture to the local community, foster a sense of community among Japanese residents, and be a bridge for cultural exchanges between Japanese and non-Japanese residents of the Hudson Valley. MHJCA educational presentations and language classes are aimed at children and adults in the Hudson Valley area. The Association frequently collaborates with Arts Mid-Hudson to present interactive programs celebrating Japanese culture.

The Arts Mid-Hudson Folk Arts Program researches the arts and traditions of the region's rich cultural, ethnic, religious, and occupational heritages. Through educational and public programs like Kakizome, the Folk Arts Program shares these traditions. The program is open to ideas and suggestions about how to assist in celebrating one's community's heritage.

The Arts Mid-Hudson Folk Arts Program researches the arts and traditions of the

Arts Mid-Hudson will host a program on Kakizome, the "first writing" of the new year, on Saturday, Jan. 7.

SOURCES OF INFORMATION AND ASSISTANCE.  
The State encourages you to become informed about your options in foreclosure. In addition to seeking assistance from an attorney or legal aid office, there are government agencies and non-profit organizations that you may contact for information about possible options, including trying to work with your lender during this process.  
To locate an entity near you, you may call the toll-free helpline maintained by the New York State Banking Department of Financial Services at 1-800-342-3736 or visit the Department's website at www.dfs.ny.gov.  
**FORECLOSURE RESCUE SCAMS**  
Be careful of people who approach you with offers to "save" your home. There are individuals who watch for notices of foreclosure actions in order to unfairly profit from a homeowner's distress. You should be extremely careful about any such promises and any suggestions that you pay them a fee or sign over your deed. State law requires anyone offering such services for profit to enter into a contract which fully describes the services they will perform and fees they will charge, and which prohibits them from taking any money from you until they have completed all such promised services.

SUDOKU

Sudoku requires no arithmetic skills.  
The object of the game is to fill all the blank squares with the correct numbers.  
Each row of 9 numbers must include all digits 1 through 9 in any order.  
Each column of 9 numbers must include all digits 1 through 9 in any order.  
Each 3 by 3 subsection of the 9 by 9 square must include all digits 1 through 9.

The heavy lines indicate areas, called cages, from one to five squares in size. Fill each cage with unique digits, counting up from 1. So for example a 2-square cage contains the numbers 1 and 2; and a 5-square cage contains the numbers from 1 to 5. Adjacent (touching) squares, even ones that touch diagonally, may never contain the same number.

# Photography, watercolors on display in East Fishkill library

A watercolors and photography exhibit by artist Phyllis Chadwick will be on display at the East Fishkill Community Library in the month of January.

The East Fishkill Community Library will host a watercolors and photography exhibit by Phyllis Chadwick on the Library's Gallery Wall. Her work will be on display in the Library for the month of January. Read below for the artist's bio and statement:

"In winter, nature gives us the chance to slow down and notice. To pause and reflect. During the creation of these works I did exactly that. I became more aware of the cycle of life and the things we easily see vs things we don't, the things we are attached or tethered to vs where we are

free of attachments. I began to study our human connection and relationship with nature, which is a very important and complex one.

While in my pause, I also began experimenting with new materials. It began with a technique of "negative painting" that evolved into what was almost like sculpting with a brush. Much like a sculptor frees or releases the object form the clay or stone, that was what happened for me on the canvas and board.

The photographs came together in a similar way. I wanted them to convey

more. I began experimenting with different approaches to see what would develop. What I got was a comment on Nature and its relationship with us.

**Biography**

Phyllis Chadwick has been living in Dutchess County for about 40 years. It was during this part of her life that she was able to explore her creativity on a deeper level.

After earning a Master of Arts in Teaching, she taught a myriad of art classes for about 10 years. During that time, she revived the art club where she helped build an inclusive community where she

guided the students in the creation of wall murals throughout the school as well as set painting for the high school musicals. Since retiring from the teaching profession, she plays, experiments and studies art in her own studio at home. Currently you will find her working in watercolor and digital photography."

Phyllis' aim is to take you on a tour to see and enjoy things you may not have taken the time to notice, think about or enjoy.

The library is located at 348 Route 376 in Hopewell Junction. Library hours are Monday - Thursday 10
